SSU ENVIRONMENTAL HEALTH & SAFETY DEPARTMENT

Aerial Lift and Elevating Work Platform Safety Program

Licensed Operators List

Licensed Operator List for: _____

Department

Instructions: An operator roster of industrial lift equipment owned/operated by each department is maintained to identify all personnel enrolled in this program. At SSU this roster may be maintained by a "Responsible Person" in a department, the department's DSC or their designee and documented on this form. Update this roster as equipment is purchased or retired from service, and personnel are added/deleted/updated from using industrial lift equipment within the department.
